

Student Drop-Off and Parking at MHS

The Area in front of the school on Church Street is a no stopping zone.

Cars are not permitted to enter the bus lane during the day.

The student drop off zone is further down the street just past the first driveway. Parents are asked NOT to drop students off across the street from the school as this creates a safety hazard.

Parents are also asked NOT to drop students off in the MHS parking lots. This includes the parking lot at the corner of Church St. & Mountain Road.

Some parents dropping their students off in this parking lot have been blocking the Church Street entrance, have hit parked cars and have been the direct cause of many near accidents.

Student parking is a privilege NOT a right. If the student parking lot is full, students are expected to find their own legal parking space off school property.
